October 27, 2025

BEIJING, Oct. 27, 2025 (GLOBE NEWSWIRE) -- KE Holdings Inc. (“**Beike**” or the “**Company**”) (NYSE: BEKE and HKEX: 2423), a leading integrated online and offline platform for housing transactions and services, is pleased to announce today a significant upgrade in its Environmental, Social and Governance (ESG) rating by Morgan Stanley Capital International (“**MSCI**”) from “A” to “AA,” marking its third consecutive rating upgrade from 2023 to 2025. This achievement highlights Beike’s steadfast commitment to excellence in ESG practices within the industry.

In MSCI’s latest evaluation, Beike achieved an impressive overall score of 6.6 in the ESG governance category, exceeding the industry average. Beike demonstrated notable progress in corporate behaviour by constantly refining detailed policy on business ethics and anti-corruption, and implementing comprehensive training programs on business ethics standards. Beike’s score in the ESG environmental category also saw a remarkable year-over-year increase. This achievement is underpinned by the Company’s Sustainable Apartment Agreement, which guides tenants and apartment managers in green practices, and through apartment projects to foster the development of urban communities.

The MSCI ESG Rating, developed by a leading provider of critical decision support tools and services for the global investment community, MSCI, serves as a benchmark for institutional investors to measure a company’s resilience to financially material ESG risks and to deploy capital in ways that maximize investment return over their time horizon.

With its mission of “admirable service, joyful living,” Beike is dedicated to creating long-term, sustainable value by reshaping China’s residential services industry through its infrastructure transformation and technology-driven innovation.
